THE WORLD OF BENTLEY INTERIORS

Bentley Home collection reflects the evolution of its formal language. A faithful reinterpretation of the codes of excellence, expressed in furniture and accessories displayed in a setting that describes a new dimension of contemporary luxury.

Unique creations form a Collection that stands out for the modern, subtle overtones of the finest craftsmanship, Made in Italy. The harmonious play of contrasts and styles follows a fil rouge of elegance, suggesting luxurious, enveloping atmospheres. Balancing the use of the highest-quality materials and fine craftsmanship with innovation; paying tribute to the brand's illustrious heritage, whilst openly embracing the future. To create a captivating everyday lifestyle.

CONTEMPORARY STYLE AND CRAFTSMANSHIP

The materials used for the Bentley Home collection are the result of the balance between tradition and innovation. New velvets, with their unique quality and elegance, are handwoven on backstrap looms using traditional techniques. This approach is enhanced by new technologies to create three-dimensional textures.

The relaxing and innovative attitude typical of the Bentley world is also reflected in the choice of materials. The new maple and eucalyptus woods that add allure to the structures and surfaces are interpreted in variations with the refined fiddleback motif, at times in contrast with the leather covers.

THE LINE OF BEAUTY WITHOUT COMPROMISES

A total lifestyle for everyday experience, a world of functional quality without compromise in terms of luxury and craftsmanship. Fabrics take their cue from the world of haute couture, in a tribute to the inimitable automotive tradition. Soft cotton and silk velvets and high-performance chenilles reinterpret chromatic patterns, applying a palette that ranges through delicate and pastel nuances.

The colours offer a range of warm tones: shades of brown, dark chocolate, brick, the new praline tones, along with quartz grey, burgundy, hazelnut and royal blue. The quest for style is fully expressed in the furniture's upholstery. Elements typical of men's tailoring, such as pinstripes, Prince of Wales, and the iconic Bentley patterns, including quilted effects, are applied to the leather: light, supple, of the highest quality, in shades of beige, mink and cognac, matched with incredibly fine houndstooth-patterned wool in walnut and dark mocha hues.

EXCELLENCE IN DESIGN AND MATERIALS

Chestnut briar-root adds elegance to structures and surfaces. The rich grain of Ebony Macassar, the exclusive glow of onyx and pale Calacatta marble adorn the table tops, in contrast with the gun-metal grey finish of the bases.
