FLEXFORM, I VALORI

Quando un'azienda come Flexform arriva a contare nel proprio catalogo dei prodotti riconosciuti nel mondo dell'arredamento d'alta gamma come classici senza tempo, occorre fermarsi a riflettere sull'impegno e la determinazione con cui la solida e affiatata *governance* familiare, che da oltre cinquant'anni la guida, ha perseguito una politica aziendale più votata al riformismo che alla rivoluzione, poco incline agli eccessi e impostata verso un percorso certo, riflessivo, duraturo.
Flexform è una realtà industriale italiana che poggia su una radicata *expertise* nella produzione di divani e arredamento di alto valore artigianale, con una vocazione innata alla cultura del progetto, un passato di collaborazioni eccellenti con i migliori designer e creativi, una struttura commerciale e distributiva internazionale, capillare ed efficiente e attenti investimenti destinati da sempre alla comunicazione, alla ricerca e all'innovazione.
L'identità e il successo si fondano su un sistema di valori condivisi che sono il vero cuore del progetto aziendale. **Made in Italy, Eleganza senza tempo, Comfort, Qualità, Coerenza Progettuale, Contemporaneità, Bellezza, Durata.** È questo il timone strategico che ha portato Flexform ad essere riconosciuta nel mondo come uno dei grandi marchi storici del Made in Italy di qualità nel mondo dell'arredamento.

BRAND IDENTITY
When a company like Flexform reaches the point of having a catalogue containing products recognized as timeless classics in the world of high-end furnishings, it is time to take a moment to think about the commitment and dedication with which a solid, experienced family management, at the helm of the firm for over fifty years, has pursued corporate policies oriented more towards reform than revolution, steering clear of excess and never straying from a path of certainties and careful reflection.
Flexform is an Italian industrial company that relies on deeply rooted expertise in the production of finely crafted sofas and furnishings, with an innate focus on design culture, a past of outstanding collaborations with the best designers and creative talents, a capillary, efficient international commercial and distribution network, and major investments in the areas of communication, research and innovation.
The company's identity and success are based on a system of shared values that form the true core of the corporate project: ***Made in Italy, Timeless Elegance, Comfort, Quality, Coherent Design, Contemporary Character, Beauty, Durability.*** *This is the strategic map that has brought Flexform to its position, recognized all over the world, as one of the historic brands of Made in Italy of the highest quality in the field of furnishings.*

UNA STORIA DI FAMIGLIA

Quella di Flexform è una **storia di famiglia**. Arrivata oggi alla terza generazione, Flexform nasce nel **distretto produttivo dell'arredamento della Brianza, nel nord Italia.** Qui negli anni '60 ha origine quel fenomeno unico al mondo che è il design Made in Italy. Un territorio dove la storia di tanti piccoli laboratori artigianali che fin da inizi '900 lavorano legno, metallo e tappezzano divani, si intreccia con quella dei grandi maestri del design italiano che studiano all'Università di Architettura della vicina Milano. La storia di Flexform si inserisce in questo contesto storico.
Nel 1959 i fratelli Galimberti avviano un laboratorio artigianale che chiamano Flexform di Galimberti. Aprono il primo showroom su strada dove espongono divani e poltrone che finiscono nel secondo dopoguerra nei palazzi di Milano, nelle ville affacciate sul lago di Como, fino ad arredare il *foyer* del Teatro alla Scala di Milano.
I figli trasformano il laboratorio in un'industria e nel 1967 Flexform diventa S.p.A. L'intuizione porta la famiglia ad avvalersi della collaborazione dei più grandi designer del momento: Joe Colombo, Asnago-Vender, Cini Boeri, Rodolfo Bonetto e molti altri. Con il giovane architetto Antonio Citterio l'azienda intraprende, negli

phenomenon of design Made in Italy began, in the 1960s. A territory where the history of many small crafts workshops working with wood, metal and upholstery since the early 1900s intertwines with that of the great masters of Italian design, trained in the School of Architecture in nearby Milan. The Flexform story is part of this historical context.
In 1959 the Galimberti brothers started a crafts workshop, which they called "Flexform di Galimberti." They opened their first street-front showroom, displaying sofas and armchairs that found their way, in the postwar era, into elegant buildings in Milan, villas overlooking Lake Como, and even the foyer of Teatro alla Scala.
Their sons transformed the workshop into an industrial facility, and in 1967 Flexform became a joint-stock company. Intuition prompted the family to work with the leading designers of the time: Joe Colombo, Asnago-Vender, Cini Boeri, Rodolfo Bonetto and many others. With the young architect Antonio Citterio, during those same years Flexform embarked on a path of professional growth that has continued without interruption to the present, for over forty years. The decade of the 1970s marks a decisive turning point in the firm's conception of products. Avoiding repetition of past styles, the production became increasingly original and contemporary.

"The family is a great value, an important legacy of resources, stimuli, knowledge. Roots allow us to look to the future. Without awareness of our history we cannot imagine future scenarios. It is true that only he who knows where he comes from can know where he is heading. It is an honor and a commitment for all of us in the third generation to continue the work of our predecessors. To keep alive what we like to call the

"we attitude," i.e. the awareness that it is the team – and therefore the brand – that is the real player, not the individual. *No soloists, but a group that thinks in the first-person plural, never the singular. The challenge is to keep intact that "**expedition behavior"** – to use a term borrowed from Jeff Ashby, the Space Shuttle commander – **namely the altruistic and generous behavior typical of mountain climbing expeditions, where valuing the team above all other concerns is the key to success**. So continuing to think in collective terms for the benefit of the brand is the most important challenge for our family business."*

*In the 1970s the family understood the importance of **exploring new markets, beyond the national borders.** They approached Europe, where the German-speaking countries, in particular, demonstrated great interest in their understated, elegant and comfortable sofas, especially in Germany. Overseas growth was also constant and unstoppable, as Flexform gained visibility in the most exclusive furniture stores in America, Asia and Australia. With the advent of the new millennium, the company launched a program of **internationalization through the opening of exclusive Flexform flagship stores.***
From a Russian dacha to a villa in Santa Monica, a hotel in the Arab Emirates to a penthouse in Shanghai, Flexform seduces both mature and emerging markets, and its products are sold in almost one hundred countries around the world. The upper distribution echelon is represented by over twenty monobrand stores on five continents, places of full immersion in the unique style and taste of the living room according to Flexform.

stessi anni, un percorso di crescita professionale che dura, ininterrotto, fino ad oggi da oltre quarant'anni. Gli anni '70 testimoniano una svolta decisiva nel modo di concepire il prodotto. Abbandonato il ricalco di stili del passato, il prodotto diventa sempre più originale e contemporaneo.

*"È un onore e un impegno per tutti noi arrivati alla terza generazione proseguire il lavoro di chi ci ha preceduto. Mantenere viva quella che amiamo chiamare la **'we attitude', cioè la consapevolezza che è la squadra - e quindi il marchio - il vero player e non il singolo.** Non c'è un solista, ma un gruppo che ragiona in termini di "noi" e mai di "io". La sfida è mantenere vivo quell'**'expedition behavior'** - per usare un termine usato da Jeff Ashby, comandante Space Shuttle - **cioè quel comportamento altruistico e generoso tipico delle spedizioni alpinistiche dove mettere il team sopra ogni cosa è quello che rende le imprese riuscite**. Continuare a pensare in termini collettivi a favore del marchio è quindi la sfida più grande per la nostra azienda di famiglia."*

Negli anni '70 la famiglia comprende altresì l'importanza di **aprirsi a nuovi mercati varcando i confini nazionali.** Si affaccia all'Europa dove soprattutto i paesi di lingua tedesca, Germania in testa, manifestano un grande interesse per divani sobri, eleganti e confortevoli. Diventa costante e inarrestabile la crescita anche oltreoceano dove Flexform conquista spazio nei più esclusivi negozi d'arredamento in America, Asia, Australia fino a quando, nel nuovo millennio, avvia un programma di **internazionalizzazione che passa attraverso l'apertura di flagship stores dedicati esclusivamente a Flexform.**
Dalla dacia Russia alla villa a Santa Monica, dall'Hotel negli Emirati Arabi alla penthouse di Shangai, Flexform seduce sia i mercati maturi che quelli emergenti e i suoi prodotti sono commercializzati in quasi cento paesi nel mondo. Il top della distribuzione conta più di venti monomarca distribuiti nei cinque continenti, fiori all'occhiello dell'azienda. È qui che si respira lo stile e si è sedotti dal sapore unico del living secondo Flexform.

*"La famiglia è un grande valore, un patrimonio importante di risorse, stimoli, conoscenze.
Le radici ci consentono di guardare al futuro.
Senza la consapevolezza della nostra storia, non si possono immaginare scenari futuri.
È vero che sa dove va, solo chi sa da dove viene"*

L'ECCELLENZA DEL MADE IN ITALY

Un'identità di valore tutta italiana. Una storia di successo tutta italiana. Un solo paese, l'Italia, dove i prodotti sono *think&made*. Un'unica sede produttiva, a Meda, dove tutto viene prodotto a Km zero. **Tutto è Made in Italy, tutto è Made in Meda**.

MADE IN ITALY
*An identity of total Italian value. A totally Italian success story. A single country, Italy, where products are "thought & made." A single production plant, in Meda, where everything is produced with the most local resources possible. **Everything is Made in Italy, everything is Made in Meda**.*

"We have kept faith with our identity with tenacity and determination, and we have been able to make a name even in faraway lands. The interaction with different cultural models has undoubtedly enriched us, stimulating our desire to be open to new things. But our production philosophy has not been influenced. People love us because we are Made in Italy and because we offer products that are an alchemical distillate of elegance, comfort and aplomb. That is what is expected of us. And that is what we continue to give our clients, because it is in our DNA, and therefore comes effortlessly."

*"Flexform is a Made in Italy company also in the choice of the craftsmen who work on our production. Our sofas, our furnishings require great know-how, that **"knowledge in the hands"***

that is required to make a product of such high manufacturing quality. The Brianza district in which we operate is a special territory for the world of furnishings, filled with specialized craftsmen who possess the necessary expertise, skills passed down from one generation to the next, making the products unique and inimitable."

"Ci amano perché siamo Made in Italy e offriamo prodotti che sono sintesi alchemica di eleganza, comfort e sobrietà. È questo che si aspettano da noi. È questo che continuiamo a dare ai nostri clienti perchè è nel nostro dna e non ci costa fatica"

The safeguarding of Made in Italy also depends on the supply chain. *Leather, fabrics, woods, metals, upholstery materials are selected with the most severe criteria. Since Flexform is world famous for its sofas with soft, large cushions, representing its stylistic signature, great care goes into the quality of the feathers and down they contain. These materials bring precious lightness, warmth and softness, and are of guaranteed, certified origin.*

The world wants Italian things. Italian design stands out for the lifestyle it suggests, for expertise and intellectual honesty. While the excellence of the products has to do with manufacturing quality, it is equally true that the great competitive advantage of Italy is beauty. And beauty generates beauty, as in the evolution of the Flexform collections. Beauty lasts in time and never goes out of style. This is the ***Italian style*** *of Flexform. Light, measured, aimed at a market not driven by mere necessity, but by the desire an object is able to attract.*

STYLE ACCORDING TO FLEXFORM

Flexform offers a large collection of home furnishings focusing on the production of sofas, the company's core business. Though the firm is internationally renowned for its products for the living area, its range also covers the dining room and the bedroom zone.

There is one constant: ***elegance****. The boundaries that establish the values of a brand and define the spirit of its collections are subtle. The term luxury understood as redundancy, as useless abundance and excess, certainly does not apply to Flexform.*

The company's aesthetic is better represented by the concept of ***sober elegance*** *that translates into essential forms and soft, never gaudy materials. The Flexform world is made of good manners and good taste, a gentle aesthetic. A Flexform sofa is like a blue blazer in the world of clothing: simple, deconstructed, refined down to the smallest details.*

"Flexform represents a piece of history in the world of designer furnishings in Italy, and the appeal of our timeless products will survive for a long time, oblivious to passing fashions."

The Flexform style blends several key values that have little to do with fashion. The ***coherent design*** *that avoids the allure of fashions that win instant applause but cannot gain lasting consensus. The* ***discreet and reassuring elegance*** *of the collections, with their never flaunted beauty, disarming charm, their sober, clean lines, where the aesthetic value of elegance lies in subtraction. The* ***contemporary character*** *of design that is never loud and ag-*

"Siamo rimasti fedeli alla nostra identità con costanza e determinazione e abbiamo avuto modo di farci apprezzare nel tempo da paesi lontani. Il confronto con modelli culturali diversi ci ha senz'altro molto arricchito e ha allenato il nostro desiderio di aprirsi al nuovo. Ma non abbiamo subito influenze sul prodotto".

*"Flexform è un'azienda Made in Italy anche nella scelta delle maestranze che lavorano in produzione. Il distretto della Brianza in cui operiamo è un territorio speciale per il mondo dell'arredo ed è ricco di maestranze specializzate che possiedono l'*expertise *necessaria, una competenza che viene tramandata di generazione in generazione e rende unico e inimitabile il prodotto".*

La salvaguardia del Made in Italy passa anche attraverso la filiera dei fornitori. Pelli, tessuti, legni, metalli e materiali d'imbottitura vengono selezionati con criteri severi.

Poichè Flexform è famosa nel mondo per i divani con ampie e morbide cuscinature che rappresentano la sua cifra stilistica, viene prestata grande attenzione alla qualità della piuma e del piumino contenuti nei cuscini. Questi, oltre ad evocare preziosità, leggerezza, calore, morbidezza, sono garantiti e certificati.

C'è voglia di Italia nel mondo. Il design italiano si distingue per stile di vita, competenza, onestà intellettuale. Se l'eccellenza dei prodotti ha a che fare con la qualità manifatturiera, è altrettanto vero che il grande vantaggio competitivo dell'Italia è la bellezza. E la bellezza genera bellezza come nel susseguirsi delle collezioni Flexform. Il bello dura nel tempo e non tramonta mai. Così è l'***Italian style*** di Flexform. Lieve, misurato e rivolto ad un mercato che non è mosso dalla necessità, ma dal desiderio che un oggetto è in grado di suscitare.

LO STILE SECONDO FLEXFORM

Flexform offre un'ampia collezione di arredamenti per la casa con un focus centrato sulla produzione di divani che sono il *core business* dell'azienda. Ma

"I nostri divani, i nostri arredi richiedono un grande savoir faire*, quel* ***'sapere delle mani'*** *che è necessario per poter realizzare un prodotto a così alto tasso di qualità manifatturiera"*

“Flexform rappresenta un pezzo di storia nel mondo dell’arredamento di design in Italia e il fascino dei nostri prodotti senza tempo sopravviverà a lungo, incurante delle ondivaghe mode del momento”

pur essendo internazionalmente riconosciuta per la zona *living* l’offerta spazia anche alla sala da pranzo e alla zona notte.
Un punto fermo. L’**eleganza**. È sottile la linea di demarcazione che stabilisce i valori di un brand e definisce lo spirito delle sue collezioni. Il termine *lusso* inteso come ridondanza, abbondanza gratuita, eccesso, si addice decisamente poco a Flexform. Più aderente all’estetica dell’azienda è il concetto di **sobria eleganza** che si traduce in forme essenziali e materiali morbidi, mai chiassosi. Il mondo Flexform è fatto di buone maniere e di buon gusto, di gentilezza estetica. Un divano Flexform è, come nell’abbigliamento lo è un blaser blu, una sorta di capo spalla: semplice, destrutturato, curatissimo nei dettagli.

Lo stile Flexform fonda su alcuni valori cardine che poco hanno a che fare con le mode. La **coerenza progettuale** che annulla la fascinazione delle mode che strappano applausi subitanei ma pregiudicano consensi duraturi. L’**eleganza discreta a rassicurante** delle collezioni dalla bellezza mai ostentata, dal fascino disarmante, dalla sobria pulizia delle linee, dove è nella sottrazione che risiede il valore estetico dell’eleganza. La **contemporaneità** di un segno progettuale mai urlato - a riprova della forza persuasiva del silenzio - ma carico di espressività estetica per il senso delle proporzioni, per la preziosità dei materiali, dei tessuti, delle finiture che rendono ogni

gressive – proof of the persuasive force of silence – but charged with aesthetic expression due to the sense of proportion, the precious materials, the fabrics and finishes that make every living room configuration a true atoll of emotional wellbeing. ***The timeless*** *design approach is made of a balanced mixture of refined lightness that is never passé. A concentrate of aesthetic poise and moderation, an understated, eternally modern approach. And, above all, tactile and visual* ***comfort****, that warm, enveloping sensation of protection felt by anyone who relaxes on a Flexform sofa, surrounded by a cozy world of familiar objects – armchairs, end tables, accessories – that generate an intimate cocoon effect. Flexform’s job is to continue to back up the promise of a product of extreme* ***quality****, aware of the fact that if habitation is an aesthetic gesture, the beauty of a sofa can also contribute to increase the quality of life.*
The expression ***Effortless Style*** *precisely sums up the flavor of the Flexform collections. Measured, calm, understated spaces with rare accents of color, illuminated by a harmonious “Morandi palette” based on linen, cotton and cashmere fabrics, in neutral ivory and sand tones, warm grays, champagne and burnished metal hues, leathers in shades of cowhide, to-*

configurazione *living* un vero e proprio atollo di benessere emotivo. L’approccio progettuale **timeless**, fatto di un equilibrato mix senza tempo di raffinata leggerezza, mai polverosa. Un concentrato di sobrietà estetica e moderazione, un approccio *understated* ed *evergreen*. E soprattutto il **comfort** tattile e visivo, quella calda e avvolgente sensazione di protezione che avverte chiunque sprofondi in un divano Flexform, circondato da un mondo *cosy* di oggetti familiari - poltrone, tavolini, complementi - che generano un intimo effetto *cocoon*. A Flexform il compito di continuare a mantenere alta la promessa di un prodotto di estrema **qualità**, consapevole che, se abitare è un gesto estetico, anche la bellezza di un divano può contribuire ad aumentare la qualità della vita.
L’espressione **Effortless Style** - uno stile “senza sforzo” - definisce con precisione il sapore delle collezioni Flexform. Ambienti misurati, calmi, pacati con rari accenti di colore, rischiarati da una *palette Morandi* armoniosa dove prevalgono i tessuti in lino, cotone e cashmere nei toni neutri avorio, sabbia mélange, grigio caldi, i metalli color champagne e bruniti, le pelli color cuoio, tabacco, miele, tortora.
Il risultato complessivo è un comfort visivo e tattile che mette a proprio agio e seduce.

“Ogni divano è una costellazione di funzioni diverse”
Antonio Citterio

bacco, honey and dove gray.
The overall result is a visual and tactile comfort that seduces and puts people at ease.
“Every sofa is a constellation of different functions.”
Antonio Citterio

Resting, reading, watching TV, working with a computer, making phone calls, dining. The sofa is a protagonist, surrounded by an ecosystem of products in choral dialogue: chaises longues, armchairs, end tables, ottomans generate a serendipitous island, a truly “duty-free” zone. To make anyone feel safe, completely at home, in a ***sophisticated nest-refuge*** *means having fully grasped the meaning of contemporary living.*

A new social phenomenon is emerging that bears out Flexform’s emphasis on elegance rather than luxury. A “lux-immune,” affluent, refined but never showy target is coming to the fore around the world, people who like to surround themselves with beautiful things not to impress, but to live. This is Flexform’s audience.

“Our clients are demanding and feel the need to find their own style. Like Flexform, they sense that the only way to do this is to demonstrate an innate elegance that requires just a few very carefully chosen pieces for their surroundings.”

“What sets every Flexform product apart is the fact that it is easily recognizable, conceived for everyday use and always easy to use.”
Antonio Citterio

SUSTAINABILITY
Fabrics, leathers, woods and metals are selected according to the highest quality standards, also with a criterion of ***sustainable proximity to the company.***

“Il nostro cliente è esigente e sente la necessità di distinguersi e, come Flexform, avverte che l’unico modo per distinguersi è di dimostrare di essere così innatamente elegante da avere bisogno di pochi pezzi, ma molto curati, di cui circondarsi”

Riposare, leggere, guardare la tv, lavorare al computer, telefonare, cenare. Attorno ad un divano protagonista ruota un ecosistema di prodotti che dialogano tra loro all’unisono: chaiselongue, poltroncine, tavolini, pouf, generano un’isola felice, una vera e propria zona franca. Far sentire chiunque al sicuro, a casa propria, in un **sofisticato *nesting-refuge*** significa aver colto in pieno il senso dell’abitare contemporaneo.

Si fa strada un nuovo fenomeno sociale che dà ragione a Flexform nel volersi distinguere più per essere portatrice di eleganza che di lusso. Cresce infatti nel mondo un target *lux-immune*, benestante, raffinato, mai vistoso, che ama circondarsi di cose belle non per apparire, ma per essere. È questo il pubblico di Flexform.

“Il tratto comune ad ogni prodotto Flexform è che si tratta di prodotti facilmente riconoscibili, concepiti per un uso quotidiano e sempre facili da usare”

Antonio Citterio

The cashmere fabrics come from nearby Piedmont, while the leathers are tanned in the Vicenza area.
The goosedown utilized – for the large, soft cushions that are Flexform’s stylistic trademark - has Assopiuma Gold Certification, guaranteeing maximum quality of raw materials and manufacturing processes. Respect for the environment, processes and the animals themselves is ensured by this certification.

***The durability** of products is a crucial value of environmental sustainability. Long-lasting things lead to less waste and pollution, not generating material for disposal, requiring transport and resulting emissions of CO_2. Flexform products, crafted with the best materials and the most advanced manufacturing techniques, are made to last in time.*

“Clients sometimes ask us to replace the covering of a sofa more than twenty years after its purchase. The structure is still solid. And the image never goes out of style.”

*Flexform believes in the development of projects with an outlook of **Corporate Social Responsibility**. One example is the partnership with Porsche Italia in the project Porsche “Ex Machina” supported by H-Farm, the leading Italian start-up incubator aimed at young talents 3.0. Invited to work on the development of digital projects to apply to the corporate business,*

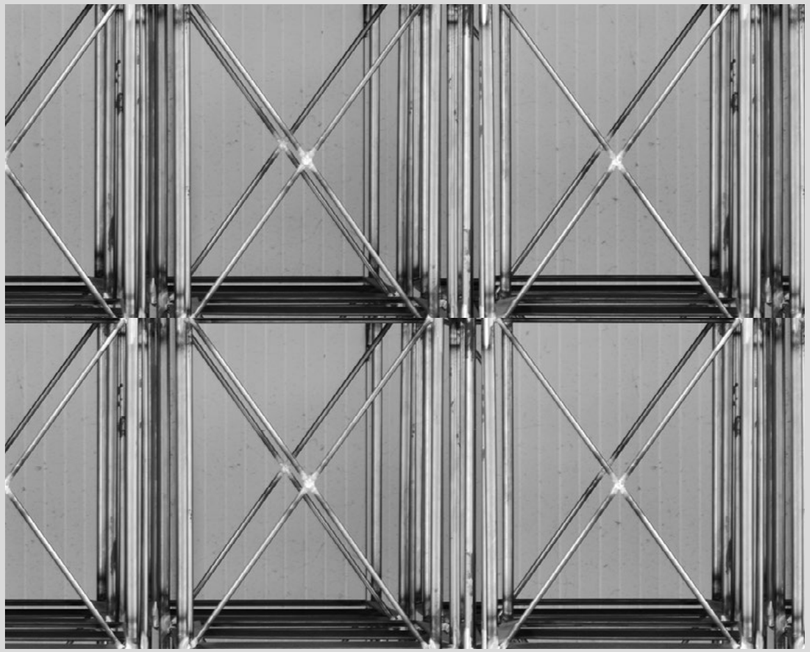

UN’ETICA SOSTENIBILE

Tessuti, pelli, legni e metalli sono selezionati secondo i più elevati standard qualitativi e scelti anche con un criterio di **vicinanza sostenibile all’azienda**. I tessuti in cashmere vengono dal vicino Piemonte, le pelli sono conciate nella zona di Vicenza. La piuma d’oca utilizzata - le ampie e morbide cuscinature sono la cifra stilistica di Flexform - è Certificata Oro da Assopiuma e garantisce il massimo della qualità della materia prima utilizzata e dei processi di lavorazione. Il rispetto dell’ambiente, dei processi e degli animali stessi è garantito da questa certificazione.

“Accade che alcuni clienti ci chiedano di rifare la fodera al divano dopo più di vent’anni dall’acquisto. La struttura è ancora solida. E la valenza estetica che non passa mai di moda, immutata”

La durata di un prodotto è un valore cardine della sostenibilità ambientale. Quello che dura a lungo non crea sprechi e non inquina, non genera materiale da smaltire e da trasportare con conseguente emissione di CO_2. I prodotti Flexform realizzati con i migliori materiali e le tecniche costruttive più evolute, sono fatti per durare nel tempo.
Flexform crede nello sviluppo di progetti in un’ottica

Flexform has supported this operation aimed at giving a concrete opportunity to the younger generations, fostering trust and promoting the culture of merit.

IMAGE AND COMMUNICATION

*The way a story is told can make it an interesting or a boring tale. The story of Flexform was born under a lucky star. The company immediately understood the importance of image and communication, and in 1969 they assigned **the design of a logo to Pino Tovaglia**, a visionary creative spirit, graphic designer and architect (also creator of the logos of Pirelli and Alfa Romeo). Tovaglia proposed the name Flexform – a contraction of Flexible Forms – going against the trend in the furniture industry of using family surnames. The first ad campaigns appeared in magazines. These were the years when Andy Warhol and Studio 54 were inspiring creative talents around the world, and this was the spirit behind the images, colors, forms and positive energy that filled the Flexform brochures, catalogues and ad campaigns.*

*Starting in the 1980s, for many years the narration of the elegant world of Flexform, under the art direction of Natalia Corbetta, shifted towards the intense expressive impact of **chiaroscuro black and white photographs in the advertising**, all made by outstanding photographers. Stripped down of everything except the emotions, the shots of the great masters of photography – Aldo Ballo, Gabriele Basilico, Gianni Berengo Gardin, Giovanni Gastel, Gian Paolo Barbieri, Maria Vittoria Backhaus, Mario Ciampi, Fabrizio Ferri – traced the contours of a unique, original narrative dimension.*

Today Flexform is shifting the brand's narration ***from the quality of production to quality of life. From the product to the experience of the product.*** *In short, "to turn a house into a home" is the sentiment the company wants to share with its audience.*
A totally updated range of channels that work in unison - print campaign, video, social networks, website, catalogues, trade fairs - contributes to convey the correct perception of the brand, to reach an ever wider, varied and international audience.
The slogan ***Home at Last*** *that guides all the communication today is a message that sums up* ***the value of homecoming, as the arrival point of our day, but also the home seen as the dream of a lifetime.***

"The design of a private home is the design of the client's dream of a lifetime."

Antonio Citterio

With the introduction of color in the photographs and of the Home at Last concept, the company creates worlds of meaning with which anyone can identify in terms of affinities and the sharing of places, situations, sensations, through ***storytelling that establishes a relationship*** *with the public. The construction of high aesthetic impact of images is thus joined by the value of its meaning. The focus is on clients and their life experiences.*

"We are working in continuity with the past, keeping the quality level of our communication very high. We continue to work with photographers known for their images of great intensity in our advertising campaigns, creative talents used to thinking glocally, directors capable of bringing emotions to our audience,

Corporate Social Responsability. Uno su tutti, la partnership con Porsche Italia sul progetto Porsche "Ex Machina" supportato da H-Farm, il principale incubatore di start-up italiano e rivolto a giovani talenti 3.0. Invitati a cimentarsi nello sviluppo di progetti digitali da applicare al business aziendale, Flexform ha sostenuto questa operazione mirata a dare un'opportunità concreta alle giovani generazioni generando in loro fiducia e sostenendo la cultura del merito.

LA LUNGA STORIA DELLA COMUNICAZIONE

Come una storia viene raccontata fa di questa una bella o una brutta storia. Quella di Flexform è una storia nata sotto una buona stella. L'azienda comprende subito l'importanza dell'immagine e della comunicazione e nel 1969 affida **lo studio del logo a Pino Tovaglia**, visionario spirito creativo, grafico, architetto (sono suoi, tra gli altri, il marchio Pirelli e Alfa Romeo). Tovaglia propone il nome Flexform - sintesi di Forme Flessibili – in controtendenza rispetto all'uso delle aziende del mobile di tenere il nome di famiglia. Escono sulle riviste le prime campagne pubblicitarie. Sono gli anni in cui Andy Warhol e lo Studio 54 ispirano i creativi di tutto il mondo e sotto questo segno, i colori, le forme e un'energica positività pervadono anche brochure, cataloghi e campagne Flexform.

PH MARIA VITTORIA BACKHAUS

Ma dagli anni '80 e per lunghi anni il racconto dell'elegante mondo Flexform vira, sotto la direzione artistica di Natalia Corbetta, verso l'espressività intensa delle **foto chiaroscurali in bianco e nero delle campagne pubblicitarie**, tutte firmate da fotografi di calibro. Scarni di tutto tranne che di emozioni, gli scatti dei grandi maestri della fotografia - Aldo Ballo, Gabriele Basilico, Gianni Berengo Gardin, Giovanni Gastel, Gian Paolo Barbieri, Maria Vittoria Backhaus, Mario Ciampi, Fabrizio Ferri - tracciano il solco di una dimensione narrativa unica e originale.
Oggi Flexform sposta la narrazione del brand **dalla qualità della produzione alla qualità della vita. Dal prodotto all'esperienza che si fa del prodotto**. In sintesi, *to turn a house into a home*, è il *sentiment* che l'azienda vuole condividere con il suo pubblico.
Un parco totalmente rinnovato di strumenti che lavorano all'unisono – campagna stampa, video, digital, social network, cataloghi, fiere – concorre a restituire la corretta percezione del marchio per toccare un pubblico sempre più vasto, vario ed internazionale.

"Stiamo lavorando in continuità con il passato mantenendo altissimo il livello di qualità della nostra comunicazione. Continuiamo a circondarci di fotografi dal tratto intenso per le nostre campagne pubblicitarie, creativi che pensano glocal e registi in grado di emozionare il nostro pubblico trasferendo i valori del brand nei video. Il nostro è un marchio che appartiene alla sfera della desiderabilità e la capacità di narrare storie è sicuramente il campo di prova su cui si gioca il futuro della comunicazione."

transmitting our brand values in videos. Our brand belongs to the sphere of desirability, and the ability to tell stories is undoubtedly the proving ground of the future of communication."

PH GABRIELE BASILICO

FAIRS AROUND THE WORLD

The Salone del Mobile of Milan, still nowadays considered the most important fair for furniture and design, begun in 1961 thanks to a small group of forward-looking industrialists and dreamers of the nearby Brianza district. FLEXFORM and the Galimberti family is among them. Since 1961 FLEXFORM has been participating to all the editions of the Salone del Mobile of Milan actively contributing with intelligence, mastery, knowhow and research to become one of the leading company that the rest of the world looks at, in order to understand which are the trends year after year. Among the 2000 current expositors at the Salone del Mobile, FLEXFORM is one of the 20 companies that exhibits with continuity his collection of products since the first edition. A winning format, the one of the Salone, exported abroad with the Salone Worldwide Moscow and Salone

Il claim ***Home at last (Finalmente a casa)*** che guida tutta la comunicazione odierna è un messaggio che sintetizza **il valore del ritorno a casa come punto d'arrivo della nostra giornata, ma anche la casa intesa come sogno di un'intera vita.**

"Il progetto di una casa privata è il progetto del sogno di una vita del cliente"
Antonio Citterio

Con l'introduzione del colore nelle foto e del concept *Home at last* l'azienda crea mondi di senso in cui ognuno ritrova sé stesso per affinità e condivisione di luoghi, situazioni, sensazioni attraverso uno ***storytelling* che cerca una relazione** con il pubblico. Alla costruzione ad alto impatto estetico dell'immagine si aggiunge quindi il valore del significato della stessa. Sono il cliente e il suo vissuto al centro dell'attenzione.

FIERE NEL MONDO

Il Salone del Mobile di Milano, ancora oggi la più importante fiera internazionale dedicata all'arredamento e al design, nasce nel 1961 per volontà di un esiguo gruppo di industriali lungimiranti e visionari della vicina Brianza. FLEXFORM con la famiglia Galimberti è tra quelli. **E in maniera ininterrotta dal 1961 FLEXFORM prende parte a tutte le edizioni del Salone del Mobile di Milano** contribuendo attivamente con ingegno, maestria, *know-how* e ricerca a diventare una delle aziende di punta a cui il resto del mondo guarda per comprendere ogni anno quali sono gli orientamenti e le tendenze del *Made in Italy* di qualità nell'arredamento. Dei 2000 espositori odierni del Salone di Milano, FLEXFORM è una delle 20 aziende che con continuità espone dalla prima edizione. Un format vincente, quello del Salone, esportato anche all'estero con Saloni Worldwide Moscow e Salone del Mobile.Milano Shanghai a cui Flexform decide di prendere parte.
Fin dall'inizio la proprietà comprende l'importanza di avvalersi della collaborazione dei maestri del design, da Achille Castiglioni ad Antonio Citterio, intuendo la potente forza espressiva della progettazione dello stand e l'immenso valore persuasivo che l'atmosfera genera sul prodotto enfatizzandolo e comunicando i valori del marchio. La costanza della bontà delle collezioni che vengono presentate in fiera e il crocicchio di genti che visita lo stand generano nel tempo un ampliamento esponenziale dei mercati esteri. Oggi, dai cinque continenti, rivenditori, architetti, interior designer si riversano allo stand del Salone di Milano in attesa di comprendere quale direzione e input Flexform vuole dare al mondo del living; quali materiali, colori, forme e atmosfere nuove si affacciano sullo scenario dell'arredamento d'alta gamma. Seconda solo a Milano, anche la fiera del Mobile di Colonia in Germania ha contribuito fin dagli anni settanta a catturare l'attenzione dell'esigente pubblico d'Oltralpe, oggi uno dei mercati più floridi d'Europa.

del Mobile.Milano Shanghai to which FLEXFORM takes part.
From the very beginning, the ownership has recognized the importance of collaborating with proper design masters, from Achille Castiglioni to Antonio Citterio, foreseeing the powerful expressive strength of the planning of the stand and the immense persuasive value that the atmosphere creates on the product empathizing and communicating the brand values. The perseverance of the beauty of the collection launched during the fair and the crossroads of people visiting the booth creates time by time an exponential improvement of the foreign markets. Today, from the five continents, dealers, architects, interior designers pour out the stand of the Salone del Mobile waiting to understand which direction and input Flexform is going to give to the world of design; which are the materials, colors, shapes and new atmospheres that emerge for the high end furniture. Second only to Milan, also the fair of Cologne contributed from the seventies to catch the attention of the demanding community across the Alps, nowadays one of the most booming markets of Europe.

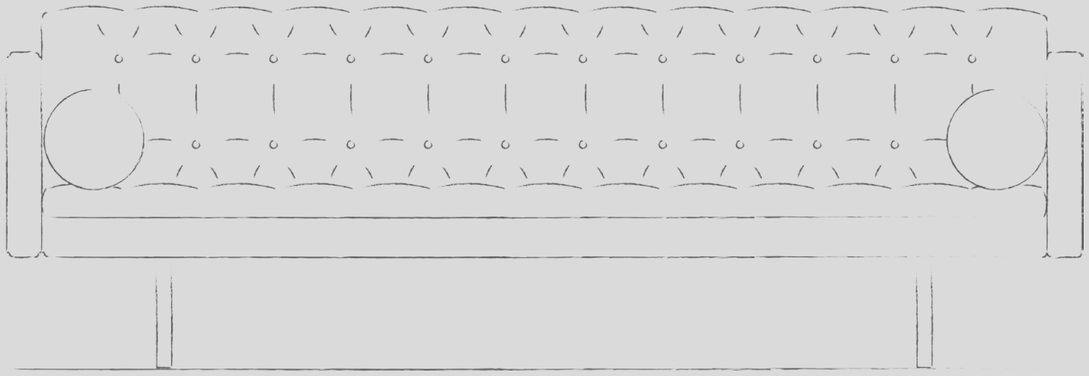

DESIGNERS
With a forceful synergic relationship between design and production, Flexform has a long history of fertile interaction with more than one generation of great designers.
Since the 1960s the company has worked with outstanding talents: ***Asnago-Vender, Sergio Asti, Cini Boeri, Joe Colombo, Paolo Nava, Rodolfo Bonetto, William Lansing Plumb, Gigi Radice, Guido Rosati, Carlo Colombo, Giulio Manzoni, Daniel Libeskind.***
Of all the names, however, for forty years Antonio Citterio has been the designer who has contributed most to write the history of the firm and to translate its values into objects, coordinating all the collections. An architect, director, deus ex machina, Citterio is the designer who has given a soul to the product. With a design approach that starts with study of the space that surrounds objects, and of the architecture in which that space is inserted, Antonio Citterio has an overall project vision ranging from the large to the small scale. As a designer he reasons in terms of product families, not individual items. Today he is a precious counterpart, in dialogue with the ongoing enlightened initiative of the company, fostering a path of sharing and exchange.

"Talking about my relationship with Flexform means talking about a group of friends who have shared visions and experiences. It also means talking about a big part of my life, given the fact that we have been getting together for over forty years."
Antonio Citterio

DESIGNER

Con un forte rapporto sinergico fra progetto e produzione, Flexform ha saputo interagire con più di una generazione di designer.
L'azienda si è avvalsa nella sua storia, fin dagli anni '60, della collaborazione dei migliori progettisti del design: **Asnago-Vender, Sergio Asti, Cini Boeri, Joe Colombo, Paolo Nava, Rodolfo Bonetto, William Lansing Plumb, Gigi Radice, Guido Rosati, Carlo Colombo, Giulio Manzoni, Daniel Libeskind**.
Fra tutti però da quarant'anni Antonio Citterio è il designer che più ha contribuito a sceneggiarne la storia e a tradurre in oggetti i valori aziendali coordinando tutte le collezioni. Architetto, regista, *deus ex machina*, è il progettista che ha dato un'anima al prodotto. Con un approccio progettuale che parte dallo studio dello spazio che circonda gli oggetti e ancor prima dall'architettura in cui sono inseriti gli spazi, Antonio Citterio ha una visione sinergica del progetto che va dalla grande alla piccola scala. Come designer ragiona per famiglie di prodotti e non per singoli prodotti. È tutt'oggi un interlocutore prezioso che dialoga con continuità con la committenza illuminata dell'azienda alimentando un percorso fatto di scambio e condivisione.

"Parlare del mio rapporto con Flexform è parlare di un gruppo di amici che hanno condiviso visioni, esperienze. È anche parlare di una gran parte della mia vita, visto che ci vediamo da più di quarant'anni"
Antonio Citterio
